Dr. Ladany shared his enthusiasm for leading SFBU: "I am extremely excited to have the opportunity to lead an institution as dynamic as SFBU. SFBU is charting a new course in the educational space – one focused on student outcomes. The university is uniquely situated, due to geography and program offerings, to provide its diverse and globally-minded students with a meaningful and innovative higher education experience that sets them up for successful lifelong careers. I intend to capitalize fully on SFBU's current momentum, and continue to establish our university among the elite institutions in the region and become a national model and leader in higher education."

Before joining SFBU, Dr. Ladany served as President of Oglethorpe University in Atlanta, Georgia, where he achieved remarkable success in increasing enrollment to record levels, overseeing the development of the university's strategic plan, and launching various diversity initiatives. Under his leadership, Oglethorpe University successfully strengthened its finances as well as increasing student support, student retention, and graduation rates.

Before his tenure at Oglethorpe, Dr. Ladany held numerous prestigious positions, including Dean and Associate Provost at the University of San Diego, Dean at Santa Clara University, and professor at Lehigh University, Temple University, and the University of Maryland.

As SFBU embarks on a new phase of development for its academic programs and curricula, it looks forward to having a President as experienced and forward-thinking as Dr. Ladany take the lead. The entire SFBU community extends a warm welcome to Dr. Ladany as he joins our family!
